Reference: Amended July Quarterly Report

Regarding the contributions for the 48 hour notices. Our procedure is for all campaign agents to fax in copies of contributions received to the treasurer each day. As the treasurer I review the contributions and complete the data entry and file the 48 notices. Database and server problems were happening the morning that the contributions in question were being reported and they were missed in the generation of the report. We take very seriously the obligation to file 48 hour notices and there was no malicious intent to leave these out. The check from Mr. Emery was incorrectly posted and reported for \$1000 rather than \$1500. Every effort is made to make sure that we report all contributions during the 48 hour notice period.

The contribution from Douglas Wilson was a credit card contribution. At the time of the 48 hour notice the credit card had not been processed. The card was declined so the committee did not take possession of the contribution and we were unable to process.

The candidate has agreed to extend the term of the loan and we have complete new loan documents between the candidate and the committee to extend the loan to 6/30/2007.

Sincerely
Kelly A Lawler
Treasurer
